BOND ELECTION DATE.

Before final adjournment of its special term Monday evening, the county court fixed June 15 as the date for a special election in Clay district to decide whether \$300,000 shall be issued in bonds in that district to make its principal roads permanent highways. The Simpson district petition for a bond election of \$200,000 for the same purpose was deferred until more data is furnished the court.

If we produced as much corn to the acre as do England and Germany, we could double the world's supply of that product.

Catarh Cannot Be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease, catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Halls' Catarh Cure is taken internally and acts directly upon the blood and mucous surfaces. Halls' Catarh Cure is not a quick medicine. It is a prescription for years and is a regular prescription. It is the only cure for catarh, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Send for testimonials, free.

GRATITUDE

The Great Spiegel Says Ingratitude
Basest of All Human
Weakness.

GREAT CROWDS GREETED
HIM LAST NIGHT.

Has Opened Headquarters at Sturm
& Wilson's Drug
Store.

A party of friends and admirers who gathered around the Great Spiegel, in his splendidly appointed suite of rooms at Hotel Gore, were treated to some of his rare and interesting comments on human nature last night. Such a close observer of human affairs has this eminent specialist been that it can truthfully be said of him, "He speaks with absolute authority." "Of course," said the Great Spiegel, "in my practical experience there frequently comes under my observation every degree and phase of human character."

"Many times the basest ingratitude has been my portion while on other occasions, it has been my pleasure to witness such acts of gratitude and appreciation of my efforts that they were little short of the pathetic. There is an old theory to the effect that we professional men must not let sentiment affect us, but when one sifts the proposition down thoroughly it will readily be seen that, after all one touch of nature makes the whole world kin."

"Some time ago," continued Spiegel, "a widow impoverished in health, happiness and purse, brought her only child to me for treatment. It was a sad eyed, emaciated little creature, on whose features were plainly written both despair and suffering. I concluded that a treatment would cure the child's affliction. In a few weeks I dismissed the child as cured. The mother tearfully informed me she was without funds, but insisted and begged that I take a mortgage on her little home until she was able to pay cash. I informed her she was not indebted to me at all and I felt repaid for my trouble by virtue of relieving the poor."

The Great Spiegel defies and willingly will baffle with any disease in the line of deafness, paralysis, rheumatism, stiff joints, crooked limbs, etc. etc. everywhere. He will come upon his stage nightly and he will demonstrate free of cost how much good he can do in five minutes. His headquarters will be at Sturm & Wilson's drug store where he can be consulted in regard to all disorders of the stomach, liver, kidneys; likewise private diseases of men and women.

The show attracted an immense crowd last night. The band carried by the Great Spiegel, played a concert in front of the court house at 7 o'clock last night and from the remarks passed by the citizens of Clarksburg, he deserves great credit in giving the people such a rare treat for the band certainly played some ragtime music. The show will start at 7:30 p. m. at the rear of the Union National Bank building.—Advertisement.

OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in
West Virginia, Pennsylvania
and Ohio.

Since the oil industry has entered a new era of prosperity, the deep sand territory in southeastern Ohio has been regarded as the most promising of any section in the Buckeye fields for new production. The late completions, however, have been rather disappointing. This is not only true of the old districts, but the extension in the Union Furnace district as well. The latter district still has a large amount of territory that can be safely regarded as capable of furnishing large producers and operations are increasing.

Near Mayville in the southwest quarter of section 18, Green township, Hocking county, the Chartiers Oil Company completed and shot No. 3 on the George Drescher farm, located 600 feet south of No. 2, and it is showing for a ten-barrel pumper. Located 300 feet south of this well in Section No. 17, the Plymouth Oil and Gas Company completed and shot its test on the Burl Lemon farm and it is showing for a fifteen or twenty-barrel producer.

In the Union Furnace district, section 16, Starr township, the Preston Oil Company has drilled No. 3 on the H. L. Woodyard farm through the Clinton sand to a depth of 3,299 feet. It is a duster. In the Nashport district, Licking township, Muskingum county, the Columbus Oil and Gas Company completed a test on the B. W. Van Vorhis farm, located one and one-half miles south of the same company's test on the Samuel Frazier farm and had the same kind of luck.

Good Producer in Shallow Sand.

The Reas Run district, Independence township, Washington county, is completing more good producers than any other of the shallow sand districts. They are not of frequent occurrence, but sufficient to keep up interest and stimulate the search for others. The latest good producer is J. H. Kiggins and Company's No. 7 on the Scott Riggs farm. It got its production in the Big Injun sand and is good for forty barrels a day. In the same district, Dyer and Gillespie have commenced to drill No. 4 on the L. Thomas farm.

Three miles north of coalton, Washington township, Jackson county, and fifteen miles southwest of the Berea grit and Clinton sand development near Creola, Swan township, Vinton county, the Ohio Fuel Supply Company drilled in a very good gasser on the Frank Pittinger farm. The gas wells had previously been found in that section, but none of the caliber of the Pittinger farm test.

West Virginia.
There is no departure from the run of small wells the West Virginia fields have been furnishing for a number of weeks. The Octo Oil Company drilled its No. 31 on the M. E. Holden farm through the second Cow Run sand and it is showing for a ten-barrel pumper in that formation. In Sardis district, Harrison county, the South Penn. Oil Company completed a test on the C. L. Griffin farm and it shows for a ten-barrel pumper in the Fourth sand.

In the Big Injun sand development on Fishing Creek, Green district, Wetzel county, the Woodward Oil Company completed No. 3 on the Morgan farm and No. 5 on the J. B. Whitman farm. Both are showing for fifteen or twenty barrel pumps. There is considerable undeveloped territory in the district and operations are increasing.

On Rock Run, burning Springs district, Wirt county, the Walnut Creek Oil Company has drilled No. 20 on the H. G. Syger farm through the Keener sand and it shows very little oil. The Hope Natural Gas Company completed a test on the Joseph Hayhurst farm, located on Warriors Fork, Mannington district, Marion county. It is a fair gasser in the fifth sand.

The West Virginia Oil and Gas Company is rebuilding the rig at its test on the J. C. Gerwig farm, located on Steer Creek, Birch district, Braxton county. This is the well that was drilled into the Big Lime last week and struck a pocket of gas strong enough to lift the tools from the hole and blow down a part of the derrick. The volume of gas diminished rapidly and they are now going to drill to the lower sands as some repairs have been completed.

On the same stream and in the same district, the West Virginia Oil and Gas Company drilled a test on the W. W. Shrader farm through the Gordon sand and it shows for a light gasser. On Toms run, Otter district, the Gerwig Oil and Gas Company is down 2,010 feet at a test on the Homer Gerwig farm and have found nothing at that depth.

The Manufacturers Light and Heat Company drilled its test on the Elmira V. Ferrell farm, located on Elks for, Ellsworth district, Tyler county, into the Big Injun sand and developed a show of oil. Drilling has been suspended to erect tankage. On Miracole run, Battelle district, Monongalia county, the Carnegie Natural Gas Company's test on the Elam Smith farm is a gasser in the Big Injun sand.

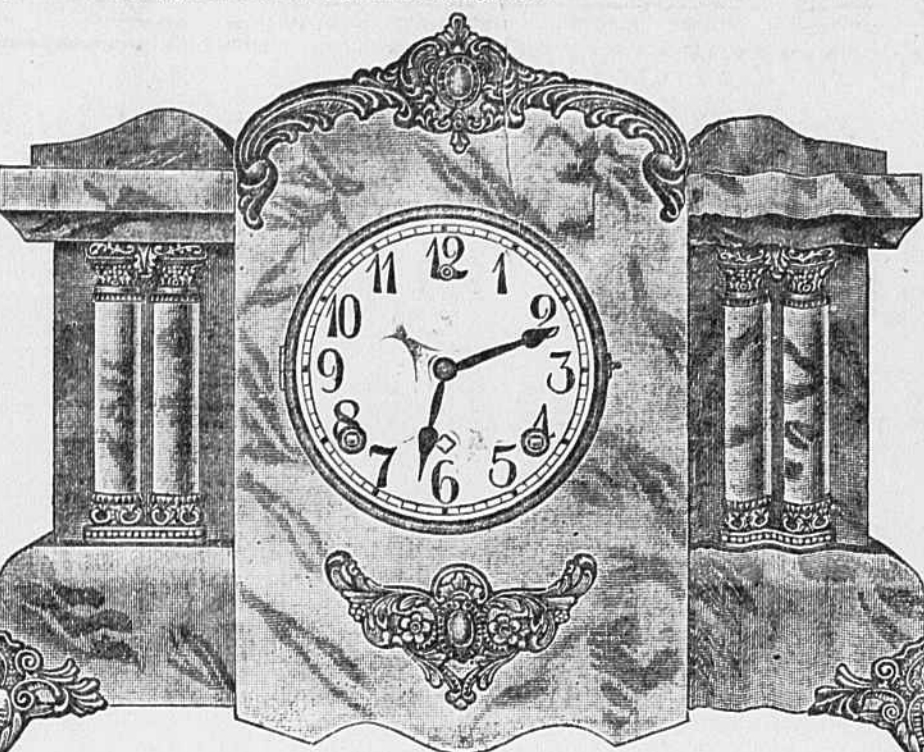

Show of Oil in Big Injun.
On Lost run, Booth's Creek district, Taylor county, the Pittsburgh and West Virginia Gas Company got a show of oil in the Big Injun sand at its test on the John Scranage farm. It will be given a test from that level. On Dutchman run, Murphy district, Ritchie county, Ralph Jackson and Company's test on the F. Lemon farm is dry and abandoned. It was not drilled below the Salt sand. On the same stream and in the same district, Shaffer and Smithers drilled No. 17 on the David McGregor farm through the same formation and had the same kind of luck.

Southwest Pennsylvania.
The third completion on Lowries

—GET IT FROM THE FACTORY— SEND NO MONEY

If you have ever seen a more beautiful Mantel Clock, anywhere, at any time, at any price, you may return this Quaker Valley masterpiece at our expense, within thirty days after shipment; otherwise, send us a dollar a month till the special Get-Acquainted price of \$7.45 is paid.

We believe this is the strongest, broadest guarantee that was ever put into words; and you may be sure we wouldn't print it if we had any doubt whatever as to the impression which the marvelous beauty of this clock will make upon you as soon as you have it before your eyes. It is utterly impossible for any picture or description to do it justice.

We go back to the temples of ancient Greece for the prototype of this superb example of architecture in clock frames. Stately and dignified in proportions, graceful and harmonious in every angle and every curve. Seventeen inches in width, twelve and a half inches in height. On either side stand two sturdy columns, with metal bases and capitals finished in bronze. The metal feet and the ornaments above and below the ivory-like dial likewise have the rich bronze finish, in pleasing contrast with the perfect simulation of Italian marble upon which they rest. In this exquisitely delicate cloud of smoky brown seem to be floating at random over a sea of molten pearls. This clock is, of course, a perfect time-piece, everyone having been carefully tested for many days before it is sent out. It strikes the hour on the cathedral ring and the half-hour on the melodious wip bell. Runs eight days at one winding. Guaranteed to reach you safely.

Our motive in making this great offer is to establish new customers, that's all. To almost give these beautiful clocks away is our way of advertising. But we expect thereafter to prove that you can save one-fourth to one-third by getting all your Home Furnishings direct from the factory. If we did not know that we could convince you of this, we could not hope to retain you as a permanent Quaker Valley customer. Furthermore, we shall extend to you credit accommodations to which every honest man or woman is entitled. No merchant price on earth can buy goods from us any cheaper than you, and your credit with us is as good as cash. Thus you may at all times have the pick of the products of the nine factories from which this Quaker Valley organization makes its shipments, and all your orders will be shipped on 30 days' trial—no money down.

With this object in view, we present this Get-Acquainted Clock Offer to every reliable housekeeper or her husband in the United States who has not already accepted one of our other similar offers. There is nothing for you to do but write your name and address on the coupon to the right and drop it in the mail box. Send no money with the coupon.

QUAKER VALLEY MFG. CO.
110 Mill Street, Aurora, Ill.

NO-MONEY-DOWN COUPON

Quaker Valley Mfg. Co., 110 Mill Street, Aurora, Illinois.
You may ship direct from the factory to my home for thirty days' free trial, the Get-Acquainted Mantel Clock. I am to pay nothing but express charges on arrival. If entirely pleased, I will remit \$1 a month until your special get-acquainted price of \$7.45 is paid; otherwise will return within thirty days at your expense.

"A WONDERFUL LOT OF GOOD" IS HOW HE PUTS IT

H. H. Duncan, of Stealey Heights, Speaks in Those Terms of Nerv-Worth Benefits.

Over and over grateful Nerv-Worth users employ this strong and eloquent word in speaking of that greatest of all family Nerv-Tonics. When you read the following you'll understand why it was employed in this case:

Burke's Drug Store:
I have ulcerated bowels, what the doctors called it, and stomach trouble and could not eat.

I have doctored with several good doctors, I have taken different kinds of medicine.

I felt like taking anything that I thought would do me good, but those medicines were only temporary relief.

But now I have taken two bottles of Nerv-Worth and I feel like a different man.

And I have confidence in Nerv-Worth. It has done me a wonderful lot of good.

Yours truly,
H. H. DUNCAN,
Stealey Heights, 132 Grove Ave.

Nerv-Worth overcomes all ailments of nervous origin—indigestion, heart flutter, bowel trouble, nervous dizziness, sleeplessness, sick and nervous headache, weakness, weariness, those "dargy" feelings and run-down conditions in general.

Your dollar back at Burke's, if Nerv-Worth does not do this for you.—Advertisement.
